CLERK OF THE COURT

Dear Judge Chandler:

This letter is provided in response to the 2012-2013 Final Report of the Sutter County Grand Jury. We concur with the Grand Jury's findings with the following updates:

Station 7 located on Butte House Road has begun its fourth and final phase of improvements. Currently, Station 7's entrance, asphalt driveway and asphalt parking area are being excavated and replaced with concrete to handle the weight of fire engines driving on the surface on a daily basis. Prior to the concrete being poured, two pipes are being installed from the current septic system out front to a large grassy area in the back. The purpose of these pipes is to provide access to new leach fields behind the fire station. When necessary, we will cease using the leach fields in front of the station. This larger leach field will provide more than adequate capacity for the current staffing of personnel at the Fire Station 7 and allow the staffing of additional personnel if needed.

We appreciate the time and effort made by all jurors who took part in this investigation. If we can be of further assistance to you, please call me directly at 530-822-4698.

Sincerely,

Pete Daley
Fire Chief
