Smart Search

- When you select the Smart Search option it is important to note the way names must be entered (Last name, First name). You may use a * as a wildcard character (such as Smi* for Smith or Smitty), however, entering too little information will limit your results and you may not see the case you are searching for, in which case you will see a message such as this:

The search returned 168 cases that have been grouped by party name, but could have returned more. Please narrow the search by entering more precise criteria.

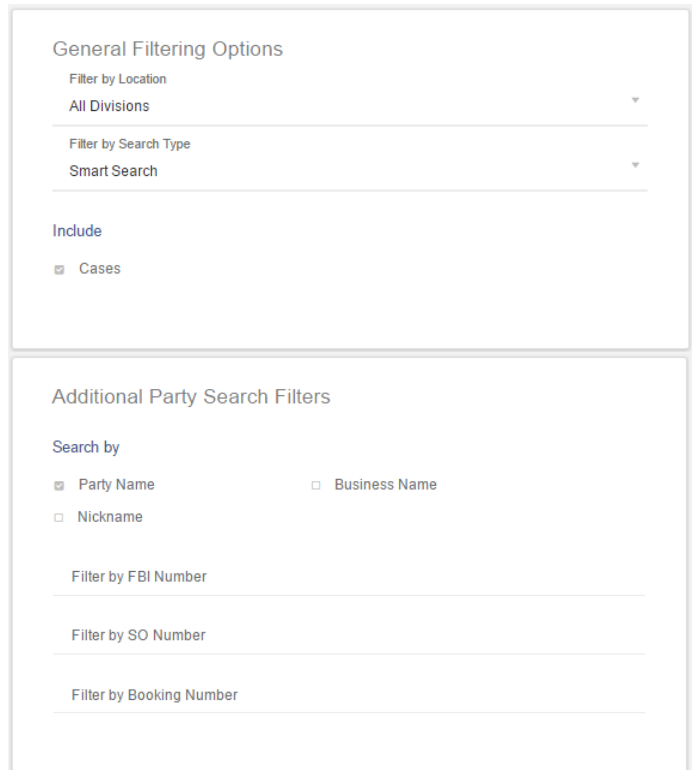

- Also when entering a case number you must include all of the case number digits after the year or none of the zeros after the year to find a specific case. Example CVFL-17-1234 must be searched as CVFL171234 or CVFL170001234.

The image shows a 'Smart Search' form. At the top left is the title 'Smart Search' and at the top right is '*Required'. Below the title is a section for 'Search Criteria' with a question mark icon. A red box highlights a text input field with the placeholder text '* Enter a Record Number or Name in Last, First Middle Suffix Format'. Below the input field is a button labeled 'Advanced Filtering Options-' and a 'Submit' button.

Advanced Filtering Options

- It is possible to restrict your search criteria using the Advanced Filtering Options. This allows you to put in very specific search parameters. See right
- Please note that using these advanced filters may prevent you from seeing the files you may be looking for.

The image shows the 'Advanced Filtering Options' panel. It is divided into two sections: 'General Filtering Options' and 'Additional Party Search Filters'. The 'General Filtering Options' section includes 'Filter by Location' (set to 'All Divisions') and 'Filter by Search Type' (set to 'Smart Search'). Under 'Include', there is a checked checkbox for 'Cases'. The 'Additional Party Search Filters' section includes 'Search by' options: 'Party Name' (checked), 'Business Name' (unchecked), and 'Nickname' (unchecked). Below these are three filter input fields: 'Filter by FBI Number', 'Filter by SO Number', and 'Filter by Booking Number'.

- Please note that using these advanced filters may prevent you from seeing the files you may be looking for.
